

いらっしゃいませ! // Irasshaimase!

We serve you authentic Japanese ramen, which we discovered and enjoyed during our countless journeys through Japan. Our noodles are freshly made every day, following our own recipe, using a noodle machine imported directly from Japan. From the broth to the tare (Japanese seasoning paste) and the toppings, everything is prepared without the addition of MSG or other artificial flavor enhancers. Most of our ingredients are imported from Japan, while our vegetables and meat are sourced from local suppliers.

So enjoy - it's slurping time!
